Di Cicco was born in Italy in 1950. He moved to the United States in 1971, and he quickly became involved in the gay rights movement. In 1982, he was diagnosed with HIV, and he began to volunteer at a local AIDS hospice. He soon realized that there was a great need for more services for people with AIDS, and he founded the AIDS Action Council in 1983.

The AIDS Action Council was one of the first organizations in the United States to provide services to people with AIDS. The council provided housing, food, and medical care to people who were sick and dying. It also offered counseling and support to people who were living with HIV.

Di Cicco was a tireless advocate for people with AIDS. He spoke out against the stigma and discrimination that people with AIDS faced, and he fought for their rights. He also worked to raise awareness about AIDS, and he helped to educate people about how to prevent the disease.

Di Cicco's work had a profound impact on the fight against AIDS. He helped to create a more compassionate and supportive environment for people with AIDS, and he helped to raise awareness about the disease. He also played a key role in the development of new treatments for AIDS.

Di Cicco died in 1990 at the age of 39. He was a brilliant activist who made a difference in the lives of countless people. His legacy continues to inspire people today.

AIDS: The Life and Legacy of Camillo Di Cicco is a powerful and moving account of the life and work of one of the most important figures in the fight against AIDS.

The book is written by Di Cicco's close friend and colleague, Richard Goldstein. Goldstein provides a detailed and intimate portrait of Di Cicco, and he traces his journey from a young gay man who was diagnosed with HIV to a world-renowned activist.
