## **A Comprehensive Analysis of the Final Phase of the American Civil War**

The Western Front Battles September 1864 April 1865 is a comprehensive analysis of the final phase of the American Civil War. This book provides an in-depth look at the major battles that took place during this period, including the Battle of Atlanta, the Battle of Franklin, and the Battle of Nashville. The book also explores the strategies and tactics used by both sides during this critical period of the war.

### **The Battle of Atlanta**

The Battle of Atlanta was a major turning point in the American Civil War. Fought from July 22 to September 2, 1864, the battle resulted in a Union

victory and the capture of the city of Atlanta. The battle was a major blow to the Confederacy and helped to pave the way for the eventual Union victory in the war.

The battle was fought between the Union Army of the Tennessee, led by General William Tecumseh Sherman, and the Confederate Army of Tennessee, led by General John Bell Hood. Sherman's army outnumbered Hood's by a factor of two to one, and Sherman was able to use this advantage to his advantage.

The battle began with a series of Union attacks on the Confederate positions around Atlanta. Sherman's forces were able to make some gains, but Hood's army was able to hold its ground. However, Sherman was able to cut off Hood's supply lines, and Hood was forced to evacuate Atlanta on September 2.

The Battle of Atlanta was a major victory for the Union. The capture of Atlanta gave the Union control of the Deep South and helped to pave the way for the eventual Union victory in the war.

### **The Battle of Franklin**

The Battle of Franklin was fought on November 30, 1864, in Franklin, Tennessee. The battle was a Confederate victory, but it came at a great cost. The Confederate army lost over 6,000 men, including six generals. The Union army lost over 2,500 men.

The battle began with a Confederate attack on the Union positions in Franklin. The Confederates were able to break through the Union lines, but

they were unable to take the town. The Union forces were able to hold their ground, and the Confederates were forced to retreat.

The Battle of Franklin was a major victory for the Confederacy. However, the Confederate victory came at a great cost. The loss of so many men weakened the Confederate army and made it more difficult for the Confederacy to continue the war.

## **The Battle of Nashville**

The Battle of Nashville was fought on December 15-16, 1864, in Nashville, Tennessee. The battle was a major Union victory and helped to secure the Union victory in the war.

The battle began with a Confederate attack on the Union positions in Nashville. The Confederates were able to make some gains, but they were unable to take the city. The Union forces were able to hold their ground, and the Confederates were forced to retreat.

The Battle of Nashville was a major victory for the Union. The victory helped to secure the Union victory in the war and paved the way for the eventual surrender of the Confederacy.

The Western Front Battles September 1864 April 1865 is a comprehensive analysis of the final phase of the American Civil War. This book provides an in-depth look at the major battles that took place during this period, including the Battle of Atlanta, the Battle of Franklin, and the Battle of Nashville. The book also explores the strategies and tactics used by both sides during this critical period of the war.

This book is a valuable resource for anyone interested in the American Civil War. It provides a detailed and comprehensive analysis of the final phase of the war and offers new insights into the strategies and tactics used by both sides.
