The chakras are seven energy centers located along the spine. They are responsible for our physical, emotional, and spiritual health. When our chakras are balanced, we feel healthy, happy, and fulfilled. However, when our chakras are out of balance, we can experience a variety of physical and emotional problems.

Dowsing is a technique that can be used to balance the chakras. Dowsing involves using a pendulum or other object to detect energy imbalances in the body. Once you have identified an energy imbalance, you can use dowsing to correct it.
